

## Group #9:

### Demo Notes:

- Looks good to me
- Full functionality for basic requirements
- Have some additional working features and are still working on additional features which is good

### Comments / Feedback

- Not really much else to say but it looks really good
- UI is simple and easy to use which is good
- Just continue working on the additional features and get as much as you can in before end of the term

Grade: 9/10
